Important

Before we provide you with financial advice, you should read this Financial Services Guide (FSG) because it contains important information designed to help you decide whether to use our services. It contains information about:

- The initial and ongoing advice we provide;
- Our service offer and advice fees;
- Who to contact should you have a complaint.

Our financial planning process

Everyone is different, with different circumstances, needs and goals. We treat every client as an individual, but follow a defined financial planning process, to make sure you know what to expect from us.

The initial advice process covers our first appointment all the way through to the implementation of your financial plan. We do this by:

(1) Identifying where you want to be

We help you identify your financial and lifestyle goals. This makes sure we understand your needs and you can understand what to expect from us.

(2) Considering the opportunities and risks

We assess your current situation and investigate the options available for you to reach your goals.

(3) Bridging the gap

Based on discussions with you and research we conduct, we will devise a strategy to bridge the gap between where you are now and where you want to be.

(4) Bringing your plan to life

We work closely with you to implement your financial plan. We help you to complete any necessary paperwork and are available to attend meetings with your accountant, solicitor and general insurer so that your strategy is implemented efficiently.

As time goes on and circumstances and needs change. The final step in our advice process ensures your financial plan remains on track, by providing you with regular ongoing advice.

(5) Staying on track with regular ongoing advice

We design an ongoing service programme to ensure your plan remains up to date as your life changes and so you can obtain the benefits of ongoing reliable advice.

Sometimes, life takes us in unplanned directions. When you need a little extra help on top of our initial or ongoing advice, just ask us to provide you with some additional advice. We are there to help you – whatever the occasion.

Our ongoing advice fees ensure your strategy and products are reviewed to help you take advantage of opportunities as they become available.

If, during our assessment of your ongoing needs, we identify that you require ongoing advice outside of our standard advice offer, our ongoing advice fee will change. In this case, we will provide you with a quote of what you will be required to pay to receive these services.

Before providing you with ongoing advice we will prepare an ongoing advice agreement.

The ongoing advice agreement will set out what our ongoing advice will cover, your payment method, and how much it will cost.
